RESOLVED, By the Senate, the House of Representatives concurring, that it is the sense of the Congress, vested as it is with the sole power to declare war, that all persons owing allegiance to the United States should in behalf of their own safety and the vital interest of the United States forbear to exercise the right to travel as passengers upon any armed vessel of a belligerent power, whether such vessel be armed for offensive or defensive purposes; and it is the further sense of the Congress that no passport should be issued or renewed by the Secretary of State, or by any one acting under him, to be used by any person owing allegiance to the United States for the purpose of travel upon any such armed vessel of a

### SENATOR GORE'S TRICK AMENDMENT.

RESOLVED. That the sinking by a German submarine, without notice of warning, of an armed merchant vessel of her public enemy, resulting in the death of a citizen of the United States, would constitute a just and sufficient cause of war between the United States and the German Empire.

It was the introduction of this amendment which caused the confusion in the Senate, as shown by the following varied views: Senator Fall (Rep.)-"By your action to-day you have sent notice to the Kaiser that the Senate of the United States will look upon his sinking of armed merchant ships and the death of an American citizen with some degree of regret, but that no action will be

Turmoil Marks Battle Over Policy on Armed Ships.

VOTE 68 TO 14 AGAINST GORE

Killing of McLemore Resolution Urged on House.

Washington, March 3. - The United States Senate indicated by a sweeping majority to-day, 68 to 14, its unmistakable intention to kill any resolutions tending to interfere with President Wilson's handling of the international situation. In the House, the Foreign Affairs Committee, by a vote of 17 to 2, agreed to report the resolution on which the President has demanded a vote, and recommended that it be tabled.

In a turbulent scene, seldom witnessed in the Senate, the voting proceeded with Senators shouting objections, futilely demanding recognition to explain their positions and making hot retorts to each other, all of which were out of order. At one time so many Senators were shouting for the Vice-President's recognition that the sergeant-at-arms was called to restore quiet.

Despite the muddying of the water in the Senate by a coup on the part of Senator Gore, by which he prevented a vote on the merits of his original resolution, but trapped the Senate into voting on an absurd and contradictory instrument, the temper of the Senate was clearly shown by the enormous vote rolled up against Mr. Gore's resolution.

### President's Strength Shown.
